## NEMA 4 and NEMA 4X Industrial Panel PCs

VarTech's versatile and highly reliable panel PCs are available in 10.4", 15.0", 17.0" and 19.0" LCD sizes and multiple configurations including fan-less systems. These space saving solutions are **designed, produced and supported** by VarTech Systems here in the USA. These are not cheaply designed re-branded products. These panel PCs are fully sealed at the front with VarTech's best-in-class NEMA 4X (IP66) 316 stainless steel beveled front bezel or by a rugged gasket sealed aluminum NEMA 4 (IP65) black powder coated beveled front bezel. Each model has several unique options to help fit your specific application needs.
