Solutions for Demanding Applications

## Ergonomic Floating Flat Panel Radial Arm

Ergonomics made beautiful. . . A new standard in computer ergonomics has been established by this elegant yet functionally designed monitor arm. The VT5545 levitates a flat panel monitor above the work surface, enabling intuitive fingertip adjustment of monitor height and position. A multi-functional workspace has been created—the monitor can simply be moved out of the way when not in use.

### FEATURES

- Intuitive movement—no buttons or levers, simply move monitor to desired position
- Quick-install/quick-release mechanism instantly and securely snaps monitors into position
- Mount clamps to desk or through grommet with integrated handle
- Cable management reduces workspace clutter

10.5" of vertical range

Folds to Save Maximum Space

Rotates 360°

reddot design award  
winner 2006
